April 2, 2020

Greetings Residents and Business Owners:

The COVID-19 stay at home order from Governor Wolf is over a week old. It is not clear whether it will end on April 30, 2020 or be extended further. Whatever happens, Knox Borough Council and the Mayor want to thank you for your cooperation during these challenging times and to remind you to continue to **stay at home**.

While you are doing so, please be sensitive to the needs of your neighbors who are elderly or homebound. If you can, please socialize with them by telephone or from a distance to see what they need and whether you can help them.

Also, our local businesses are in need of your support now and in the future. A few of our restaurants are offering take-out and would welcome the purchase of gift cards. Other life-sustaining businesses such as the food stores and the pharmacy remain open for business.

Please know that the police, fire, ambulance and maintenance department are available to meet your **emergency** needs. Stay safe and healthy! Together, we will all persevere.

Knox Borough Mayor Rich Cochran and Council Members
